

# SOCIAL WORKERS SOCIAL JUSTICE AND THE FUTURE OF OUR CITY

## A CITY-WIDE CANDIDATES FORUM

hosted by: NASW/NYC PACE

**HARTLEY HOUSE**

**Thursday, June 25th, 7PM**

**413 West 46th Street**

**(between 9th & 10th Avenues)**

This November, NYC will vote to elect a Mayor, Comptroller and Public Advocate—three important city-wide positions that will have an impact on the 19,000 licensed social workers in the City and the people we serve.

Please join the Political Action for Candidate Election (PACE) of the NASW New York City Chapter for an evening where candidates will present their platforms and answer questions about the future of our city.

That's the power of Social Work.

*Social workers possess a continuum of knowledge about human needs & behavior, services delivery, systems that affect individuals & groups, & the effects of public policy. Therefore, social workers are in a unique position to participate in electoral politics.
